

**REFERENCE: NEW CONTACT FOR TRANSPORTATION  
EXPANSION JOINTS**

Dear Valued Customer,

We are writing to inform you of an important update regarding the following Transportation products previously purchased through Sika Canada: Emcrete, Emcrete II and BEJS (Bridge Expansion Joint System).

Effective January 1, 2025, all expansion joint products for Transportation applications will be offered through Watson Bowman Acme Corp (A Sika company) as described on our website [www.watsonbowmanacme.com](http://www.watsonbowmanacme.com) including those outlined above. Ken Heuff will be your new primary point of contact for any inquiries, support, or assistance that you may need. Ken brings over 30 years of experience with Watson Bowman Acme, and he will provide you with exceptional service. An updated Pricelist will be forthcoming for the Wabo®Crete II and BEJS product lines.

**Ken Heuff**

Canadian Regional Sales Manager, Transportation  
Watson Bowman Acme (a Sika Company)  
[Heuff.Ken@ca.sika.com](mailto:Heuff.Ken@ca.sika.com)  
416-254-0048

Transportation category includes (Bridges and Highways, Tunnels, Wharves and Piers, Mass Transit, and Terminal and Airport Ramps and Runway Applications)

Parking and Commercial product needs will remain available through Sika Canada inclusive of both the Watson Bowman and Emseal product lines. Contact your Sika Canada representative accordingly.

We look forward to continuing our partnership with you.

Warm Regards,

Gary Moore  
Vice President, WBAC

Christopher Fanning
